CMR 101.3 FM is publishing its “2023-2025 Accessibility Plan” on June 1, 2024. and then on June 1, 2025, CMR 101.3 FM will publish the Accessibility Plan’s “First Progress Report” and the “Second Progress Report” respectively. Your feedback is needed to help us identify the barriers that need to be overcome, and how we can provide accessible broadcast and services to all.

Accessibility Feedback Process

A Feedback Form that meets the WCAG 2.0 AA standard has been published in www.cmr24.net. On top of an instant feedback submit form, email addresses and phone number for submitting feedbacks are also included. The person submitting the feedback can choose to be anonymous.

If a feedback is collected via the online Feedback Form and the feedback provider has provided an email address, or if the feedback is collected through the email account feedback@cmr.fm, an automatic confirmation will be emailed back to the feedback provider to acknowledge receipt of the feedback.

If a feedback is collected by voice message and the feedback provider is willing to be contacted, there will be a call back within 5 business days.

Regardless how the feedback is collected, a representative of the Accessibility Committee will review the feedback and take action to resolve the issue in a timely and efficient manner. If necessary and if the feedback provider is willing to be contacted, the representative may contact the feedback provider to gather more details or to provide the assistance needed.

The feedback as well as the solution (or lack of) will be shared with the Accessibility Committee members for review purposes. If the problem cannot be solved right away, or if it is a recurring problem, the Accessibility Committee will keep the feedback on file and address it in its regular meetings. Some of the feedbacks and their solutions may be included in CMR 101.3 FM Radio’s annual Accessibility Progress Report.
